

INFORMATION FOR CONTRIBUTORS

Content

IERI Monograph Series: Issues and Methodologies in Large-Scale Assessments is a joint publication between the International Association for the Evaluation of Educational Achievement (IEA) and Educational Testing Service (ETS). The goal of the publication is to contribute to the science of large-scale assessments so that the best available information is provided to policy-makers and researchers from around the world. Papers accepted for this publication are those that focus on improving the science of large-scale assessments and that make use of data collected by programs such as IEA-TIMSS, IEA-PIRLS, IEA-Civics, IEA-SITES, US-NAEP, OECD-PISA, OECD-PIAAC, IALS, ALL, etc.

If you have questions or concerns about whether your paper adheres to the purpose of the series, please contact us at IERInstitute@iea-dpc.de.

Style

The style guide for all IERI publications is the *Publication Manual of the American Psychological Association* (5th ed., 2001). Manuscripts should be typed on letter or A4 format, upper and lower case, double spaced in its entirety, with one-inch margins on all sides. The type size should be 12 point. Subheads should be at reasonable intervals to break the monotony of lengthy text. Pages should be numbered consecutively at the bottom of the page, beginning with the page after the title page. Mathematical symbols and Greek letters should be clearly marked to indicate italics, boldface, superscript, and subscript.

Please submit all manuscripts electronically, preferably in MS-Word format and with figures and tables in editable form (e.g., Word, Excel) to the editorial team at IERInstitute@iea-dpc.de and attach the Manuscript Submission Form, which can be obtained from the IERI website: www.ierinstitute.org. For specific questions or inquiries, send emails to editors at the same address. Only electronic submissions are accepted.

Author Identification

The complete title of the article and the name of the author(s) should be typed only on the submission form to ensure anonymity in the review process. The pages of the paper should have no author names, but may carry a short title at the top. Information in the text or references that would identify the author should be deleted from the manuscript (e.g., text citations of "my previous work," especially when accompanied by a self-citation; a preponderance of the author's own work in the reference list). These may be reinserted in the final draft. The author (whether first-named or co-author) who will be handling the correspondence with the editor and working with the publications people should submit complete contact information, including a full mailing address, telephone number, and email addresses.

Review Process

Papers will be acknowledged by the managing editor upon receipt. After a preliminary internal editorial review by IERI staff, articles will be sent to two external reviewers who have expertise in the subject of the manuscript. The review process takes anywhere from three to six months. You should expect to hear from the editor within that time regarding the status of your manuscript. IERI uses a blind review system, which means the identity of the authors is not revealed to the reviewers. In order to be published as part of the monograph series, the work will undergo and receive favorable technical, substantive, and editorial review.

Originality of Manuscript and Copyright

Manuscripts are accepted for consideration with the understanding that they are original material and are not under consideration for publication elsewhere.

To protect the works of authors and the institute, we copyright all of our publications. Rights and permissions regarding the uses of IERI-copyrighted materials are handled by the IERI executive board. Authors who wish to use material, such as figures or tables, for which they do not own the copyright must obtain written permission from IERI and submit it to IERI with their manuscripts.

Comments and Grievances

The Publications Committee welcomes comments and suggestions from authors. Please send these to the committee at IERInstitute@iea-dpc.de.

The right-of-reply policy encourages comments on articles recently published in an IERI publication. Such comments are subject to editorial review and decision. If the comment is accepted for publication, the editor will inform the author of the original article. If the author submits a reply to the comment, the reply is also subject to editorial review and decision.

If you think that your manuscript is not reviewed in a careful or timely manner and in accordance with standard practices, please call the matter to the attention of the institute's executive board.

Publication Schedule

There will be one publication per year. This publication will consist of five to seven research papers. Manuscripts will be reviewed and processed as soon as they are received and will be published in the next available monograph series. In the event that, in a single year, there are more than seven accepted manuscripts, the editorial committee will determine whether the manuscript(s) will be published the next year or in an additional monograph in the same year. Manuscripts are accepted any time of the year.
